

NEWHAM AUTISM RESIDENTS ADVISORY GROUP

Are you a Newham adult resident diagnosed with autism? Or on a waiting list for a diagnosis?

If **YES**, we want to hear from you.

Newham Council and its partners are developing an all-age Autism Strategy based around the six priority areas in the National Autism Strategy.

This Autism Resident Advisory Group (ARAG) is an opportunity for adult autistic residents to tell us what would make a difference to them and to shape the Strategy and its action plan.

We would welcome your involvement. To register you will need to complete a signup form. This can be found when you reserve a place using the QR code. The first Autism RAG meeting will take place **Tue, 23 May 2023 10:00 until 12.30**

To register and reserve a place please use the QR code.

If you are aged under 18, a Carer or provider of services and want to share your views and get involved or if you would like some support with the signup form, please email: Autism.Commissioning@newham.gov.uk
